# Romans Ranches Charolais Production Sale

Welcome to our annual offering of Charolais bulls from Romans Ranches Charolais! Gathering and compiling the data for this year's catalog gave us the opportunity to see exactly where our program improved from in the breeding decisions we made 3 years ago. This is the most uniform set of bulls we have ever offered, not only phenotypically, but more importantly for the carcass merit these bulls will produce in their offspring. As we go forward using every tool available to us as seedstock producers to measure traits through DNA, ultrasound, feed efficiency, and EPD's, you as beef producers

can purchase these bulls with the confidence that they will sire calves that will be desirable for all segments of the industry.

Thank you for your confidence in our program. We are committed to continue to provide the best Charolais genetics the breed has to offer. As in prior years, we continue to offer a one year guarantee on all bulls sold.

We want to thank Wade Small of Agri Beef for the alliance we have with them in contributing to the purchase of your bulls when they feed your cattle. Thank you also to Dr. Randall Raymond of Simplot Precision Genetics for the feed efficiency data and DNA analysis. A big thanks to our help, Tom and Tina Virtue, and newest member of the crew, McKay Justus, and all the great help we get from our family and good friends in putting this event together.

We look forward to seeing you March 12<sup>th</sup>!

The Romans' – Bill & Cindy – Jeff & Julie, Mollie, Matthew, William, Luke & Ainsley

## EPD EXPLANATION

Here is a definition of the Expected Progeny Differences (EPD's) used in the catalog. EPD's express the genetic transmitting ability of a sire on how his offspring are expected to perform relative to other sires in the analysis for a given trait. An EPD is said to be up to 10 times more accurate in predicting how a sire's offspring will perform compared to their actual data.

CE	Calving Ease - % of unassisted births when the bull is bred to 1 <sup>st</sup> calf heifers. The higher value is best.
BW	Birth Weight - Difference in the average birth weight of progeny.
WW	Weaning Weight - Difference in the average weaning weight of calves. (205 day adjusted)
YW	Yearling Weight - Difference in the average yearling weight of calves. (365 day adjusted)
MLK	Milk - Expressed in pounds of weaning weight of daughter's maternal instinct and milk.
CW	Hot Carcass Weight - Predictor of pounds of retail product at a constant age endpoint.
REA	Rib Eye Area - Square inches of rib eye at the 12 <sup>th</sup> rib.
FAT	Fat Thickness - Inches of back fat over the 12 <sup>th</sup> rib. Less fat results in lower yield grades.
MARB	Marbling - Subjective measure of the amount of intramuscular fat in the rib eye muscle.
TSI	Terminal Sire Index – Combines all EPD's into one single value ranking for profit potential. (It does not include feed efficiency data in this formulation)
\$FCP	Feeder Calf Profitability - considering value of all feedyard traits.
ADG	Average Daily Gain – Difference in post weaning average daily gain.
FI	Feed Intake – Measurement of dry matter intake.
RFI	Measurement of deviation of actual intake from expected intake considering an animal's metabolic weight and gain. More negative numbers are favorable.

The fall bulls yearling weight index was a measurement taken of the bulls while they were on grass from weaning to October 1<sup>st</sup>.

The bulls ADG measurement was taken from mid October to mid February while receiving a TMR in the feedlot. Bulls were fed to gain 2.5 lbs. per day.

**Sale Date & Times**

Tuesday, March 12, 2019  
Sale at 1:00 pm MST      Lunch at 11:30 am

**Preview**

Bulls will be available for preview at any time, give us a call!

**Herd Health**

All bulls have passed a fertility evaluation and structural soundness exam by Dr. Angie Allum of the Vale Veterinary Clinic. All bulls are guaranteed to be reproductively sound. Health Certificates will be available sale day for out of state buyers. All bulls will have a negative Trich Test for entry into any state. Call Bill Romans or Dr. Angie Allum if you have any questions.

Bill Romans (541) 358-2921  
Vale Vet Clinic (541) 473-3231

**Sale Location**

At the ranch in our Sale Barn.  
3740 Old Stage Rd. Westfall, OR  
Proceed 9 miles North of Harper on the Westfall-Harper Road.  
Turn right on Dahle Road. After 2 miles turn left on Old Stage Road. Proceed 1/2 mile to the sale site.

**Scrotal Measurements and Spring Yearling Ultrasound Data, along with Feed Efficiency Results on 40 Bulls will be available on the supplement sheet.**

**Contact Information**

To register and follow the auction in real time on the internet, log on to Website: <http://www.liveauctions.tv>  
For More Information, call Brad Fahrmeier at (816) 392-9241

If you wish to follow the sale on the computer and bid by telephone, please call the sale day phone numbers or one of the consultants listed in our catalog.

"We appreciate your attendance"

**Terms & Conditions**

All cattle will sell under the terms and conditions suggested by the American International Charolais Association. All purchases are to be settled for on sale day by cash or bankable check unless prior arrangements are made. All supplements to the sale book or announcements made from the block take precedence over what is written in the sale book.

**Feed & Delivery**

There will be a \$50 credit/bull on bulls that are picked up on the day of the sale. We will offer free delivery to central locations in surrounding states.

**Guarantee**

Romans Ranches Charolais guarantees all bulls through the first year of service. A replacement bull of equal value or credit towards next year's sale purchase will be extended. Any salvage value of the guaranteed bull shall belong to Romans Ranches.

**Liability**

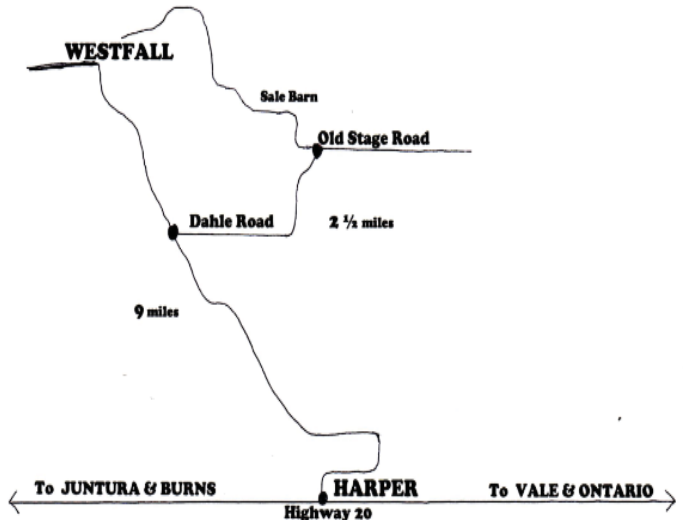

All persons attending this sale do so at their own risk. Romans Ranches Charolais, their staff or representatives assume no liability, legal or otherwise, for any accidents or injuries that may occur.

**Semen Interest Conditions of Sale**

Romans Ranches Charolais will retain 1/3 revenue-sharing semen interest in all bulls sold. The buyer gets full possession of the animal and 2/3 revenue-sharing interest.

## Bull Buyer's Incentive Program

We have entered into an alliance with Agri Beef Co. that will be a great benefit to our valued customers. If you purchase bulls at the Romans Ranches Charolais Production Sale and market your feeder calves to Agri Beef, you will be given a rebate in the form of a credit for the following year's Romans Ranches Charolais Production Sale purchases. The rebate will be a percentage of the total bull purchases made at the previous year's Romans Ranches Charolais Production Sale. The rebate will increase each year a producer markets their calves to Agri Beef for up to three years as follows; year one 10%, year two 15%, year three 25%, year four and beyond 25%.

### Example:

#### Year 1

*If a producer purchased 5 bulls for an average of \$4,000/hd at the 2019 Romans Ranches Charolais Production Sale for a total of \$20,000 and markets their calves to Agri Beef in 2019 they will receive a 10% credit or \$2,000 to the 2020 Romans Ranches Charolais Production Sale.*

#### Year 2

*If a producer purchased 5 bulls for an average of \$4,000/hd at the 2020 Romans Ranches Charolais Production Sale for a total of \$20,000 and markets their calves to Agri Beef in 2020 they will receive a 15% credit or \$3,000 to the 2021 Romans Ranches Charolais Production Sale.*

#### Year 3

*If a producer purchased 5 bulls for an average of \$4,000/hd at the 2021 Romans Ranches Charolais Production Sale for a total of \$20,000 and markets their calves to Agri Beef in 2021 they will receive a 25% credit or \$5,000 to the 2022 Romans Ranches Charolais Production Sale. A 25% credit will be the maximum credit available and will continue as long as the producer continues to market their calves to Agri Beef.*

If you have questions about this alliance or currently have feeder cattle to sell out of Romans Ranches Charolais bulls please contact us or Agri Beef Representative Wade Small 208-243-1813.

### Char Advantage

An IMI Global Age, Source & Genetic Verification Program for Charolais-influenced Feeder Calves

Adding value through:

- Age & Source Verification
- Natural, NHTC & GAP Certification
- TSJ & Marbling Genetic Merit Indicators
- Allows for Documentation of Seedstock Providers, Health & BQA Certification
- Increased Exposure for Charolais-influenced feeder cattle

For more information, contact:
